

The PLG committee is seeking the endorsement of the membership to allow for 4 additional Directors as shown below. This will allow for more PLG member commitment, a better understanding of the working committee involvement and potential advancement in the committee and/or EC&C District.

We hope the additional directors will provide a closer connection and support to the Divisions and their PLG committees.

This document will provide a start for an extended description of the job/function of the working PLG committee.
